Attention: Ms. Jean Criss

To Whom It May Concern:

I wanted to assure you that Ms. Jean Criss, has requested our company to assist and to achieve ISO 9001:2015 in conjunction with ISO 13485 certification for CRISSCROSS INTIMATES. The process has begun and should be completed end Q-3 or Q-4 2017.

Since CRISSCROSS INTIMATES has such a demonstrative person at its helm like Ms. Criss, it is obvious her company shall remain vibrant, unlike others that fall by the wayside. Her responsiveness and steadfastness to basic quality attributes (PLAN, DO, CHECK & ACT) along with "say what you do and do what you say" is exuded through design, development and fabric in her utility-patented innovation with its strong leadership and personnel at the very core of this company.

The other item of special interest, is that we have dealt with many companies during our 34+years of manufacturing and quality in medical, aerospace, industrial, electrical, printing companies and plastic distribution and I understand the procedures and requirements of these industries. That being said, Ms. Criss & her great team are striving to take CRISSCROSS INTIMATES, to the next level with ISO certification, without hesitation! If you have any questions please feel free to contact me.

Cordially,

Daryl Guberman
